B20 Tokyo Summit: Modality of Operation

- Due to the capacity constraint of facility, the participants in the B20 Tokyo Summit (e.g. panellists, moderators, guest speakers, etc.) will be **invitation only**.
- **Each national business federation of the G20 member countries has a mandate** to select and nominate the attendees to the Summit.
- Given the very short period of time between the handover of presidency from Argentina (1 December 2018) and the B20 Summit (14-15 March 2019), it is **not realistic, financially-sensible and physically-viable to organise taskforces on each policy area and hold face-to-face meetings**, as has been the case with the recent B20s.
- Against this backdrop, **Keidanren have been closely communicating with business federations in respective countries**.
